THRILLING RUNAWAY MISHAP

Double Team Runs Amuck Down Washington Avenue—Mrs. Geo. Storey Hurt.

FIRE CHIEF MAKES REPORT.

Work of the Year of Firemen—High School Opera Co.—Criminal Record—Other News Notes.

Ogden, Jan. 22.—A thrilling runaway occurred on Washington avenue yesterday afternoon in which one horse was killed, a lady badly shook up, two vehicles demolished and a hundred people badly frightened. The team belonged to a Mr. Child of Roy and was tied up near the corner of Washington avenue and Twenty-fourth street, while Mr. Child was attending to some business. Something frightened the horses and they broke loose from the tie post and dashed southward along Washington avenue at a great speed. When near the corner of Twenty-fourth street a horse belonging to Mr. Dance of West Weber, was struck and killed. The horse's speed was checked, but not sufficiently to stop them, and a short distance further along the avenue the vehicle struck a single buggy in which George Storey and wife were riding. Mrs. Storey was knocked to the pavement and picked up and sent to her home, being badly bruised and shook up. Both vehicles were demolished.

REPORT OF FIRE CHIEF.

The report of Fire Chief J. Paine, presented to the city council, is a good showing for the department during the past year. The department was called out to 115 fires and traveled 555 miles in going to the fires, and laid near 18,000 feet of water hose and 3,100 feet of chemical hose. In actual service fighting fires 294 hours were spent. The total amount of property damaged by the fires is estimated at \$688,020. It cost \$27,686.52 to maintain the two departments. The having of the bench on top of the hills, as every minute of time saved in getting to the fires is of great importance.

QUARRYMAN HURT.

Edward Sullivan is at the Ogden hospital suffering from serious internal injuries sustained at a rock quarry yesterday at Lakeside. Sullivan was on top of the quarry getting out rock when in some way he lost his balance and fell.

LIVELY COUNCIL SESSION.

Scrap Over Distribution of Patronage—Court Notes—News Briefs.

Special Correspondence.
Provo, Jan. 22.—The meeting Monday night of the city council was a lively one, with most sessions held for some time. Adjournment was not taken until 11 p. m. Parliamentary rules were thrown aside, politics was the chief factor and personalities were indulged in, both during the session and after adjournment.
The first discussion that waxed warm was over the distribution of the free telephones, as reported by the committee on railroads and telegraph lines, the report was again referred back to the committee who got together during the session and again reported the matter but the council again recommitted it back to them.
The committee on printing and engraving reported upon the year's supply and recommended that the printing and advertising be divided equally between the Utah County Democrat and the Provo Enquirer. This did not suit Wilford Miles, who has taken upon himself to be the spokesman of the minority. He moved an amendment to give the organ of the Democrats all. But the Republicans lined up as one and passed the ordinance giving it all to the Enquirer, the Republican organ. J. M. Jensen, republican, was excused from casting his vote as he was a director of the Enquirer company. Beebe, one of the members of the committee, when he saw the unfairness of Giles changed his vote to award the contract to the Republican paper as above stated, the vote being 6 to 5.
Thomas Williams, city marshal, was appointed bail commissioner. The re-

to the bottom of the quarry, striking on the rocks. Strange to say, no bones were broken, but the doctors think he suffers from serious injuries internally. It is thought he will recover, although it will be a long time before he can resume his work.

CONFESSION TO BURGLARY.

Charges of grand larceny and burglary will be preferred by County Atty. N. J. Harris against John Peterson, who has confessed his crimes to the officers. For a long time the looting of chicken coops and various small butchershops and grocery stores has been going on, but the police could get no track of the perpetrator of the crimes. At last a clue was tipped to the police that a man was selling such goods as were stolen to several cheap restaurants. A watch was put on the places and Peterson was apprehended. At first he denied his guilt but later admitted having been carrying on his thievery for over two months.

HIGH SCHOOL OPERA CO.

The full dress rehearsal of the Ogden High School Opera company was held last evening. Prof. McClellan and Mrs. Herbert Stanton, who are staging the comic opera, "Priscilla," which is to be presented Friday and Saturday nights at the Grand Opera house, were highly pleased with the appearance presented by the company. Each member has his part well prepared, and a pleasant surprise is in store for those who attend. The costumes are beautiful. So pleased is Prof. McClellan with the opera work that he is going to have it put on at Salt Lake City right away.

TELEPHONE CHANGES.

Manager Harrison of the Bell Telephone company feels that an injustice was done his company by the resolutions of the city council Monday night, that the Bell company is endeavoring to raise rates, etc. He states that the company is doing away with four-party lines at \$1 a month rate, which has proven unsatisfactory to patrons, and the company and he believe that a better service and greater satisfaction will be realized from the proposed changes.

FOUR HUNDRED MEN NOW WORKING

Ten of Goldfield's Mines Are in Operation With Utah Men Employed.

GOLD BAR CIRCULAR IS OUT.

Leasing Company Without Assets—Late Developments in Diamondfield Section.

Special Correspondence.
Goldfield, Nev., Jan. 18.—Post-panic and after-strike convalescence of Goldfield district is apparent in the present number of miners at work, resumption of production, declaration of January dividends and volume of stock sales on the Goldfield Consolidated Mining stock exchange. Effect of such conditions upon the public temperament is evident in the steadily climbing quotations of Goldfield securities.

Something like 400 men are again probing the treasure reserves of the camp's 10 regular producers. These 10, not to list as separate entities the divers leases operating upon them, are Black Butte, Combination Fraction, Consolidated, Casey, Florence, Jumbo Extension, May Queen, Sandstrom, St. Ives and Velvet. Miners are busy, too, in numerous other "properties," not yet ranking as producers, such as Atlantic, Blue Quartz, Butte Boys, Higginson, Ruby, Kendall, Kewanas, Milltown Fraction, Peacocks, Red Mountain, Yellow Tiger and several others, both company workings and leases. The arrival of expert miners from Utah has made possible the running at full blast of the Corraline mill and cement plant of the Nevada-Goldfield reclamation works, which are treating their daily limit of ore that is hardly of the shipping variety.

W. A. Donaldson, City Bank building, Lorain, O., has issued a circular letter to stockholders of the Gold Bar Mining and Leasing company, stating that that concern has no present assets; that the lease on the Gold Bar has been forfeited and all the corporation's property lost; that the Nevada Gold Ore Mines company has secured a lease on the same ground, and that that corporation may exchange its shares for Gold Bar M. & L. stock at the rate of one for five.

Daily developments are generously

adding to the accumulating proofs of Goldfield's wire area of pay ore. Among the most conspicuous demonstration must be numbered latter-day revelations in the Diamondfield Red Mountain section of Goldfield and two miles beyond Diamondfield. The country was originally discovered by John Clegg, born, father of Seven Troughs, late in 1904. Early in 1905 locations were made by A. A. Codd and Grant Turner, who staked out the Gold Butte, Golden Rule, Bay Horse and Black Eagle. Codd is the man who is making a healthy producer of the lease of his name on the St. Ives.

ITALIANS USE KNIVES.

Five Foreigners Attack Americans at Cumberland and Victims May Die.

(Special to the "News.")
Evansville, Wyo., Jan. 20.—Five Ital-

ian miners are in the county jail here and two Americans, John Kennedy and Ed Burke, are in the state hospital at Rock Springs, as the result of an affray near Cumberland, a coal camp in this county. The Americans and foreigners quarreled and the latter, five of them, drew knives and attacked Kennedy and Burke. When the fight was over Kennedy and Burke lay on the ground, each with his bowels exposed by knife wounds. The wounded men were rushed to the state hospital at Rock Springs, where they are now in a critical condition. Burke is a relative of Pure Food Commissioner E. W. Burke of Choyenne and Kennedy is a nephew of Bishop Kennedy of Randolph, Wyo. A formal charge will not be filed against the Italians until the outcome of the wounds of the Americans is known.
